

61st Winter Nuclear & Particle Physics Conference

WNPPC 2024

**February
15-18 2024**

WNPPC.TRIUMF.CA

The Winter Nuclear and Particle Physics Conference is a national meeting for the Canadian subatomic physics community, with a special focus on providing a forum for junior researchers (students and postdocs) to present their research and interact with groups across Canada. The 2024 meeting is being organized by McGill University, SNOLAB and TRIUMF, and as usual will feature sessions focusing on the research areas of interest to the Canadian subatomic physics community, both experimental and theoretical.

TOPICS

Dark Matter searches
Electroweak and Higgs physics
Neutrino properties
Nuclear structure
Nuclear and particle astrophysics
Physics beyond the Standard Model
QCD and hadrons

ORGANIZING COMMITTEE

Corina Andreoiu (Simon Fraser University)
Alain Bellerive (Carleton University)
Thomas Brunner (McGill – co-chair)
Erica Caden (SNOLAB and McGill – co-chair)
Tim Friesen (University of Calgary - past chair)
Gwen Grinyer (University of Regina)
Annika Lennarz (TRIUMF - permanent member)
Tony Noble (Queen's University – permanent member)
Katelin Schutz (McGill)
Jana Thomson (TRIUMF, Conferences Facilitator)
